Thank you for using UnionBank Online.

CyberSure | How can I be sure an email is from UnionBank Online?

1. Check the sender's email. It should show as "**online@unionbankph.com**".
2. The links that you click in that email will contain our verified URL "**https://online.unionbankph.com**".
3. Be on the lookout for the spelling. Phishing emails and links use special characters or interchange the order of the words to try to look legitimate.
4. If you receive an email for a request/transaction you did not initiate, immediately change your password and check on your transactions in the app.
