

Matchanese Mall of Asia

Feedback on Design Proposal #2

Proposed Design - General Feedback

What We Liked

- Option #3 feels the most visually cohesive
- Very bright and light overall design
- The ceiling grid gives it a classy and premium look
- The outdoor seating is executed well

Front Signage

Logo is too big and too tight

Size and Spacing

Logo must have at least 10% margin from all sides

Position

Logo should be horizontally and vertically centered in reference to the backing element

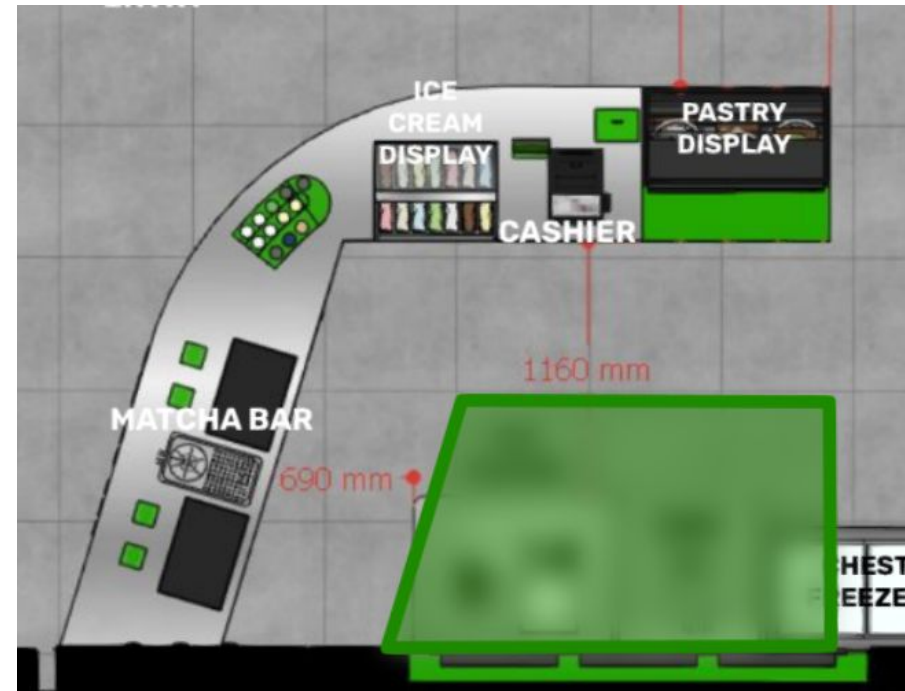

Readability

Since the logomark uses negative space, it must be ensured that the logo is still readable from different angles and there is enough contrast from the backing element

Bar Layout

- Missing back counter for easy access (cups, lids, straws, tissues, tools, syrups etc.) and additional prep area.
- Ideally parallel with the matcha bar counter. Same with the cashier. Can be integrated with the coffee prep area, and ice chest.

Feedback on Details

Matchanese Logo Wall

- Looks redundant when looking from the outside since there's already a full logo
- **Place the merch area/shelves here instead**

Feedback on Details

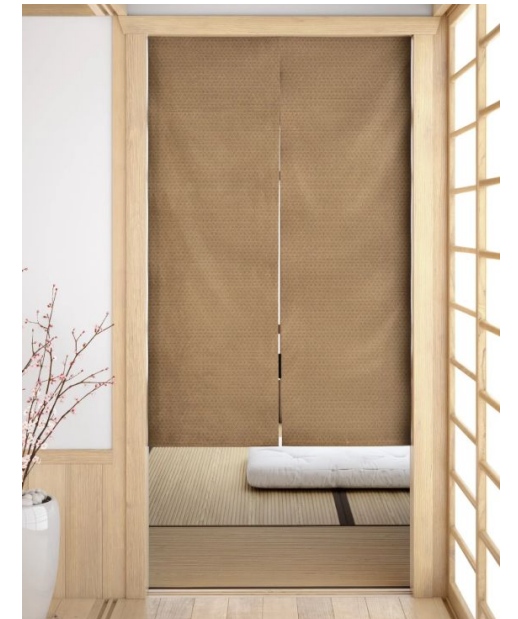

Order Signages

- It's understandable that they're both needed to be readable from the outside, but it's jarring that the 2 elements have different shapes and that the words in one are stacked (ORDER HERE), while the other is one long line (PICK UP HERE)

Cooking Area

- The cooking area is too exposed from the outside when someone is using it. Consider adding a Japanese-style curtain to cover, or positioning the cooking area behind the partition wall

Feedback on Details

Outside TV

- The outside TV sort of sticks out like a sore thumb. It's probably just because of the bezels of the placeholder model, but might benefit with an enclosure or backing element.

Inner Column Wall

- This part feels a bit empty and can probably serve as a point of interest or background for taking photos of drinks (photoshoot area)

Equipments

Undercounter Chiller (Back Area)

- 1.2 meter or 1.5 meter

UNDERCOUNTER CABINET CHILLER

TEMP RANGE: +2 TO +10°C
REFRIGERATION: FAN COOLING
BODY MATERIAL: SS 304
VOLTAGE: 220V/60HZ
WARRANTY: 1 YEAR SERVICE & 6 MONTHS PARTS
REPLACEMENT: 15 DAYS

• 1.2 METER

SIZE: 1200 X 760 X 850 MM
WEIGHT: 85 KG
CAPACITY: 260L
REGULAR PRICE: PHP 50,000*

PROMO PRICE: PHP 40,000*

• 1.5 METER

SIZE: 1500 X 760 X 850 MM
WEIGHT: 102 KG
CAPACITY: 370L
REGULAR PRICE: PHP 60,000*

PROMO PRICE: PHP 50,000*

Undercounter Chiller (Front Area)

UNDERCOUNTER BAR CHILLER (2 DOOR STAINLESS)

STAINLESS
BRAND: SUPERSNOW
NET CAPACITY: 208L
ENERGY CONSUMPTION: 1.8KW/24H
TOTAL INPUT POWER: 190WATTS
POWER SUPPLY: 220V / 60HZ
TEMPERATURE RATE: 2 TO 10 °C
WEIGHT: 57KG
DIMENSION: L900 X W530 X H835 MM
WARRANTY: 6 MONTHS PARTS 1 YEAR SERVICE
REPLACEMENT: 15 DAYS
REGULAR PRICE: PHP 35,000*
PROMO PRICE: PHP 30,000*

*Prices quoted are 12% VAT exclusive and subject to change without prior notice.
